FRC Team 980 ThunderBots Organization Bylaws

EIN: 26-3227751

As amended and adopted on 10/28/2010

Article I - Name

The name for this not-for-profit organization shall be known as: **FRC Team980 Thunderbots**.

Article II – Purpose

Section 1: The purpose of **FRC Team 980 Thunderbots** is to interest high school aged students in science and technology through participation in the US FIRST Foundation (www.usfirst.org) robotic competitions and related activities. As such, this organization is organized and operated exclusively for charitable purposes within the meaning of section 501(c)(3) Internal Revenue Code.

Section 2: The functions of the organization include:

- a) Raise the funds and acquire the materials and facilities necessary to pursue the purposes of the organization
- b) Recruit members necessary to sustain the organization.
- c) Conduct training sessions for the members of the organization to facilitate participating in the US FIRST Foundation robotic competitions.
- d) Design, build and test robots; to create animated movies; submit award applications; and any other required actions needed for entry in FIRST Foundation and related competitions and demonstrations.
- e) Build and maintain a web site.
- f) Encourage and support the formation of other FIRST Robotics Competition, FIRST Tech Challenge and FIRST Lego League teams.

Section 3: Notwithstanding any other provision of these articles, **FRC Team 980 Thunderbots** shall not carry on any other activities not permitted to be carried on by an organization exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code of 1986 (or the corresponding provision of any future United States Internal Revenue law) or by an organization contributions to which are deductible under section 170(c)(2) of the Internal Revenue Code of 1986 (or corresponding provision of any future United States Internal Revenue law).

Article III – Membership

Section 1: The membership shall consist of two levels: students and mentors.

a) Student members are high school aged individuals who actively participate in the activities of the FRC Team980 Thunderbots organization. The student leadership organization is selected by mentors and students.

b) Mentor members are individuals older than high school aged and actively participate in mentoring students or otherwise performing functions in support of the **FRC Team 980 Thunderbots** organization.

EIN: 26-3227751

Article IV – Directors

Section 1: Board of Directors - The affairs of the organization shall be governed by a Board of Directors comprised of three mentor level members elected by mentor members in the organization.

Section 2: Eligibility – Any mentor-level member who is committed to fulfilling the duties of the office is eligible to hold a board of director's position.

Section 3: Term of Office – The directors shall hold office for one year so long as they remain eligible under Article IV, Section 2. A director shall be eligible to serve any number of terms as long as they remain eligible under Article IV, Section 2.

Section 4: Election of Directors – The directors shall normally be elected by a majority of all mentors in attendance personally, or by proxy, at an annual organizational meeting of the organization. The election of directors shall be conducted by secret ballot. The candidate or candidates with the largest number of votes shall fill director vacancies where the number of candidates exceeds the number of vacancies.

Section 5: Vacancies – Any vacancies in a director position, however caused, shall be filled by a majority of the remaining directors so long as a quorum of directors (2) remains in office. A director so elected shall remain in office for the duration of the vacant term.

Section 6: Removal of a Director – A director shall automatically cease to hold office if:

- a) A resolution to that effect is passed by two thirds majority of the mentors of the organization voting at a meeting duly called for this purpose: or
- b) The director otherwise ceases to be eligible as a member under Article II, Section 1(b); or
- c) The director otherwise ceases to be eligible as a director under Article IV, Section 2.

Section 7: Remuneration of Directors – The directors shall receive no remuneration for acting as such and no director shall directly or indirectly receive any profit from his position. Directors may receive reasonable compensation for expenses incurred by them in the normal course of their duties.

Article V – Officers

Section 1: General – The officers of the organization shall be chosen from among the members of the board of directors by the members of the board of directors. They shall select a President, Secretary and a Treasurer.

Section 2: President – The President shall, when present, preside at all meetings of the organization and, along with the Board, generally oversee and supervise the governance of the organization including the signing of bylaws, special resolutions, and other such documents requiring his (her) signature and such other duties as may from time to time be prescribed by resolution of the Board or that are otherwise incidental to this office. The President shall be elected for term of one year and shall be eligible for re-election to any number of additional terms.

EIN: 26-3227751

Section 3: Secretary – The Secretary shall, in the absence of the President, preside over meetings of the organization and of the Board and otherwise exercise all the powers and duties of the President. The Secretary shall be responsible for giving notices: keeping records of all meetings of the members; signing the minutes: keeping a listing of the membership and sponsors; and such other duties as may from time to time be assigned by resolution of the Board.

Section 4: Treasurer – The Treasurer shall keep full and accurate accounts of all receipts and disbursements of the corporation in proper books of account and shall deposit all monies, or other valuable effects, in the name of and to the credit of the organization in such bank or banks as may from time to time be designated by the Board. The Treasurer shall, under the direction of the Board, disburse the funds of the organization, taking proper vouchers therefore and shall render to the Board at regular meetings thereof or whenever required, an account of all such transactions and the financial position of the organization. The Treasurer shall submit a bi-annual report to the State of California listing the officers.

Article VI – Meetings of Members

Section 1: Annual Meeting – An annual meeting of the organization shall be held within fifteen (15) months of the last preceding annual organizational meeting at such date, time and place as determined by the Board for the purpose of:

- a) Considering and approving the minutes of the previous annual meeting and any special general meeting that may have been held since the last annual meeting;
- b) Receiving and considering financial statements for the preceding fiscal year;
- c) Receiving and considering such other reports and statements as determined by the Board;
- d) Electing directors and officers; and
- e) Transacting any other business properly brought before the meeting.

Section 2: Special General Meetings - The Secretary shall call a special general meeting of members at the request of the Board or upon receiving a written request signed by ten (10) percent of the members and stipulating the purpose of such meeting. Such meeting shall be scheduled within thirty (30) days of receipt of the request at a date, time and place.

Section 3: Notice and Agenda Notice for any general organizational meeting of members shall be given at least fifteen (15) days in advance of the date of the meeting

and shall include the date, time, place, agenda and general nature of business to be transacted. Only business on the agenda or related thereto shall be transacted at such meeting.

Article VII: Dissolution

EIN: 26-3227751

Section 1: In the event of dissolution of the FRC Team980 Thunderbots organization, the net assets of the organization shall be applied and distributed as follows:

- a) All liabilities and obligations shall be paid, satisfied, and discharged, or adequate provision shall be made thereof in accordance with applicable law.
- b) If any assets shall remain after the provisions of Article VII, Section 1(a) of the bylaws have been complied with, any remaining assets shall be distributed to another FIRST robotics competition team with a 501(c)(3) status for the application to activities and purposes consistent with those of FRC Team 980 ThunderBots and the US FIRST Foundation. The Board of Directors shall select the team to which the funds are transferred.
- c) Upon the dissolution of this Corporation, assets shall be distributed for one or more exempt purposes within the meaning of section 501(c)(3) of the Internal Revenue Code (or corresponding section of any future federal tax code) as outlined in Article VII, Section 1, paragraph (b), or shall be distributed to the Federal government, or to state and local government, for public purpose. Any such assets not so disposed of shall be disposed by the Superior Court of the county in which the principal office of the Corporation is then located, exclusively for such purposes or to such organization or organizations as said Court shall determine which are organized and operated exclusively for such purposes.

Article VIII – Amendment of Bylaws

Section 1: The bylaws of the organization currently in effect may be repealed or amended by bylaw enactment supported by unanimous consent of each and every director of the organization signified in writing and shall hold force and effect until it is sanctioned by an affirmative vote of at least two-thirds (2/3) of the mentor members at the general organizational meeting or a special general meeting duly called for the purpose of considering the said bylaw. If such bylaw enactment is not so sanctioned it shall cease to hold force and effect immediately the resolution proposing such amendment is defeated.

FRC Team 980 ThunderBots Board of Director Meeting Minutes October 28, 2010

Board Members:

David Brinza, President Steven Smith, Secretary David Toyne, Treasurer (via telephone)

A quorum was present and the meeting was called to order at 6:00 pm.

Proceedings:

The President briefed the Board with status of the Organization and robotics team. The Organization successfully managed the Fall Classic competition at John Burroughs HS (held Sept 25). Invoices were submitted to the Southern California Regional Robotics Forum and reimbursement was received for all expenses. Team 980 registered for three events in the 2011 FIRST Robotics Competition season: San Diego (wait-list), Los Angeles and Championship (St. Louis). The Organization is submitting Form 1023 to the IRS to apply for 501(c)(3) non-profit exemption. The following actions were discussed and voted upon by the Board:

Board Actions:

1. Adopt revised By-laws for FRC Team 980 ThunderBots:

2. Maintain business checking account (Wells Fargo Bank):

3. Adopt fiscal year: starts October 1, ends September 30:

4. Maintain spreadsheet for financial record-keeping:

5. Authorize application for 501(c)(3) exemption with IRS:

Form 1023, Part IV Narrative Description of Activities

FRC TEAM 980 THUNDERBOTS is a California-based nonprofit organization that inspires pre-college students to develop mathematics, engineering, fabrication, creative problem-solving, information technology, and management skills in an after-school program. The organization is dedicated to managing and operating a team of students, mentors and parents in a program called "For Inspiration and Recognition of Science and Technology" (FIRST) Robotics Competition (FRC). FRC is a project-based learning activity in the form of a high-energy competition involving over 2000 teams from around the world. Students participating in FRC are eligible for \$12M in scholarships to colleges and universities across the United States.

EIN: 26-3227751

The original Team 980 was formed in 2001 as an after-school activity for a few small learning academies in and near La Canada-Flintridge, CA. The team was awarded NASA grants for FRC registration fees in the first two years of participation. Team 980 consists of local high school students plus mentors from nearby JPL and other businesses. The team designed, built and shipped the robot and participated in the 2002 Southern California Regional competition, where it won the top rookie award: "Rookie All-Star". Team 980 accepted the invitation to the FIRST Championship that year – an event the team has attended in all but two of its nine years in FIRST. Since inception, Team 980 has relied on volunteer mentors and private donors to sustain a very successful program that has produced scholarship-supported college students in engineering and technical fields. On July 7, 2008, FRC Team 980 THUNDERBOTS was formed to support mentoring functions, financial and business operations of Team 980.

FRC Team 980 is presently collaborating with FIRST Team 2404 in Pasadena, CA. We helped form and mentor Team 2404 in its rookie year, and are working to integrate their team with developing curriculum in the school district. We continued our team activities over the period of 2008-2010 by participating in 15 competitions, and emerging as winners in three of the events. This year, we expanded our student base to John Burroughs and Verdugo Hills High Schools.

Team 980 is registered for the 2011 FRC season. FRC Team 980 THUNDERBOTS is actively recruiting students, conducting fundraising activities (letter writing and computer presentations) and making logistic preparations for the upcoming year. A sample fundraising solicitation letter is attached to this application. Team 980 has a website, www.team980.org, to provide information to our team, our supporters and the general public regarding our activities.

FRC Team 980 THUNDERBOTS is also known as the ThunderBots.

Reports describing Team 980 activities are attached to provide further information regarding our mission and operations.

Impact on Team Members

Team 980 uses the *FIRST* experience to expose students to a team-based engineering design process through a full product development cycle found in many industries. Team members are guided through this process in a way that they can understand - via hands-on learning. Some of our recent students have moved on to technical fields of study like mechanical/electrical engineering and computer science. Our current seniors have applied to Caltech, MIT and other top institutions.

Role Model Characteristics

Team 980 mentors expect students to meet professional standards by emphasizing the importance of planning, paying attention to detail, and persistence. Our students thrive in this environment, accepting the challenges of a tight schedule and rigid constraints, while learning a great deal about design, fabrication, and assembly grounded in teamwork. Also, our mentors volunteer for *FIRST* events in various capacities, including *FIRST* Technical Advisor, robot inspection, and judge roles in 2009.

Impact on Community

Team 980 students learn technical problem-solving skills and time and project management techniques – life skills that profoundly impact our students' career choices. Through commitment, a strong work ethic, and a supportive environment, Team 980 is emerging as a leader in our community and the FIRST organization. Two years ago, we introduced FIRST to an underserved local high school, and we are now helping form Team 2404 into a larger community-based group of motivated and caring students.

Innovative Methods to Spread FIRST

During the off-season, Team 980 exhibits *FIRST* to a broad spectrum of future students, mentors, and sponsors. In 2009, we held seven robot demonstrations, conducted an engineering workshop for rookie teams, hosted the Fall Classic off-season competition, and even lent our robot to a prerookie team at the MadTown Throwdown event in Madera. Our key robot demonstration was conducted in the *FIRST* booth at the 2009 Rockwell Automation Fair, an event heavily attended by industry professionals.

Strength of Partnership

Team 980 mentors are great at guiding students. Team members are encouraged to ask questions to better understand the task at hand. The mentors' experience helps develop Team 980 students become well-equipped to handle the season's challenges. We continue to receive financial support from NASA/JPL and Boston Scientific, despite their severe financial challenges in 2009 and 2010. We have a special partnership with NEY, gracious hosts of our team in its Community Technology Center.

Communication Methods

Team 980 utilizes group e-mail, website, Twitter, demonstrations, and word-of-mouth to communicate the *FIRST* message to students and community. In 2010, we substantially increased our number of students and their involvement, sponsor engagement, and community visibility, via demonstrations and website. Student members support demos and work on our website, publicity, and team imagery as well as the robot. This year, Team 980 used Twitter to broadcast our Championship and IRI match results.

Other Considerations

Team 980 has a tradition of excellence in *FIRST* as a serious competitor, winning three regional events and seven technical awards in its eight-year history. In 2009, Team 980 emerged as No. 1 seed and Finalist at IRI. The 2010 season presented a special challenge to us: the day before Kickoff, we lost our build space of the prior two seasons. Our partner, NEY, allowed Team 980 to create a new robotics lab in its facility to house our team and an evolving "Team Pasadena," FRC 2404.

Impact of the FIRST Program on Team 980 Participants

Team 980 uses the FIRST experience to expose our members to the engineering design process. We follow a structured approach to create a robot that is simple yet highly capable. We experience a full product development cycle common in a wide range of industries, but compressed into a six-week timeframe. Our team's strength lies in our experienced engineering mentors who guide us through the process of building the right robot the first time. After the Breakaway kick-off, when every fiber of our being was anxious to start building something, we engaged in strategic brainstorming and defined the capabilities of the robot. As build days began to evaporate, we transitioned from concepts to creating innovative designs and used rapid prototyping to validate our ideas. Throughout this process, we were pressed to simplify designs without giving up capability. This challenge inspired creative and active involvement among team members. According to one of our new members, she was initially overwhelmed by the design process and advanced concepts. However, the mentors were so approachable and encouraging that it helped bring her out of her shell. By the time we started to cut metal, our design details were much clearer, and we sensed we were building the right robot. Mentor interactions, unique to FIRST, quickly improved our proficiency in fabrication and assembly. As we struggled in the last weeks of build season to get our robot assembled and tested, we learned the value of good problem-solving skills. Mentors would allow us to explore solutions, but knew how and when to guide us along a productive path. We, the students of Team 980, developed an appreciation of how a disciplined development approach leads to a simple, effective design and a quality product.

"I love how the kids learn to believe in themselves." - Team 980 mentor

Role Model Characteristics for Other Teams to Emulate

The mentors of Team 980 create a professional environment for our team to work efficiently. We experience, first-hand, the real-world of engineering development where expectations are high and dedication is prized. Mentors expect us to meet professional standards by emphasizing the importance of planning, attention to detail, and persistence. Our team thrives in this environment, accepting the challenges of a tight schedule and rigid constraints. We learn a great deal about teamwork as well as design, fabrication, and assembly. In the spirit of Gracious Professionalism, Team 980 reaches out to other teams to share its knowledge and experience. We spread our principles of keeping designs and fabrication methods simple with other FIRST teams. In the pits, we often assist teams in repairs or modifications to their robots. Inspectors will sometimes direct rookie teams to us for advice, which we happily give. Team 980 mentors often serve as volunteers at FIRST events. In 2009, our mentors served at regional events as robot inspectors, referee, judge, and even as a FIRST Technical Advisor. We strongly believe in FIRST and we are active in growing the program. In 2008, we introduced FRC to John Muir HS (Pasadena). Team 2404 earned the Rookie Inspiration Award that year in Los Angeles. We continue to assist our partner, Neighbors Empowering Youth (NEY), in mentoring and sustaining that team.

Impact of the FIRST Program on the Team and Community

FIRST guides team members in learning technical problem-solving skills and time and project management techniques. These life skills can profoundly impact their career choices and future success. Just before kickoff, Teams 980 and 2404 were told to vacate the shop due to changes in policy. In 2009, an abandoned machine shop at John Muir High School had been transformed by the teams into a robotics lab. The director of NEY offered space in its recently acquired Community Technology Center for a new Team Robotics Lab. The new facility may become the home for a broader community-based "FRC Team Pasadena." In 2008, our lead mentor joined the advisory board for an Engineering and Environmental Science Academy at John Muir HS. This mentor believes that serving on the board can help the school create a better environment through project-based learning opportunities like FIRST. Our lead mentor also joined the Greater Los Angeles Science Alliance (GLASA), a network of local educators and businesses promoting project-based Science, Technology, Engineering, and Mathematics (STEM) opportunities in the community. For Team 980, an important impact of FIRST has been in developing under-served members of Team 2404 into motivated and caring students. Members of Team 980 are amazed by how quickly Team 2404 students transformed from "under-achievers" into confident, capable team members.

Innovative Methods to Spread the FIRST Message

Team 980 is very active in *FIRST* outreach to a broad community. We perform several robot demonstrations and other exhibitions each year to raise awareness of FIRST to local schools, corporate sponsors, community groups, and other exhibitions. In 2009, we conducted a very successful recruiting demonstration at John Burroughs HS. Over thirty new students expressed interest in FIRST, half of which became active team members. Team 980 also demonstrated the robot for Boy Scout Troup 355 in San Marino, offering merit badge possibilities to the scouts. As we have done for the past six years, Team 980 exhibited our robot at the annual Lockheed-Martin Space Day at Longfellow Elementary School in Riverside. Team 980 also demonstrated our robot at the Automated Robotics Manufacturing Center Open House at El Camino College in late-May. At the request of our prime sponsor, Team 980 brought our robot to Boston Scientific's Annual Picnic. Employees and family members were impressed by the opportunity afforded to student participants in FRC. At the invitation of the FRC California Regional Director, Team 980 supported the FIRST demonstration at the 2009 Rockwell Automation Fair in the Anaheim Convention Center. This heavily-attended event exposed many professionals in the automation and controls industry to the FIRST Program. In the off-season, Team 980 co-hosted the Fall Classic event with Team 2404 and delivered and help set-up the SCRRF field elements for CalGames in Palo Alto, and even provided our robot to a pre-rookie team (Fremont Christian) at the MadTown Throwdown event in Madera.

The Strength of Partnerships

Team 980 mentors are great resources for guiding us in the program. They are true professionals, with backgrounds in mechanical, systems, and software engineering, which spans the breadth of knowledge needed to build effective robots. Our mentors take time to explain design concepts and guide students toward effective solutions. We believe the mentors provide the strength for Team 980 to overcome obstacles in the path to success in the program. Our sponsors, Boston Scientific and NASA/JPL, enthusiastically support the FIRST program because it represents a catalyst for creating a highly-skilled future workforce. This past year created terrific financial challenges to our sponsors. The R&D group at Boston Scientific Neuromodulation (our prime sponsor in 2009) absorbed a \$10M budget reduction in 2010, yet they again provided financial support to our team. This kind of commitment tells us that *FIRST* is doing the right thing and

Team 980 "gets it". In 2010, we added a machine shop partner, Schroeder Torsion Bars, to our team. We are fortunate to have formed strong partnerships with our sponsors and look to grow even stronger bonds in the future. Our key partner is Neighbors Empowering Youth (NEY). This non-profit organization provides technology access to an underserved community. NEY has provided space for FRC Teams 980 and 2404 to build our robots and augment NEY in offering options to local youth for career development.

Communications Methods and Results

Team 980 utilizes group e-mail, website, Twitter, brochures, word-of-mouth and demonstrations to communicate the FIRST message to members and the community. We use the internet as our primary means of internal team communications. This year Team 980 used Twitter to feed results from our events to our followers. Each season, we distribute program information materials and sign-up forms to students and parents. For the 2010 season, we increased the number of students, sponsor engagement and community visibility via electronic and written communications. Our 2009 year-end wrap-up report and ask-letter helped retain Boston Scientific as a major sponsor. Team 980 has a tradition of excellence in FIRST as a serious competitor, winning three regional events and seven technical awards in its eight years of participation in FRC. In 2009, we competed in the elimination rounds of both or our regional events. We attended Championship for the seventh time in team history. Our best performance was at the Indiana Robotics Invitational, where we were an undefeated #1 Seed and finished as Runners-up. In the past three years, Team 980 has become more active in community outreach through our efforts to develop a strong FIRST team at John Muir HS, volunteerism at FIRST events and frequent demonstrations of FRC robots to the public. We are a relatively small group of people from different academic backgrounds who have built a successful team without a secured funding source, permanent location, or other resources from a school. We are persistent. We do not give-up in the face of adversity. We do this to help young people become leaders who know that science and technology can make a difference in the lives of billions.

FRC Team 980 ThunderBots Conflict of Interest Policy

EIN: 26-3227751

Article I

Purpose

\

The purpose of the conflict of interest policy is to protect FRC Team 980 (the (Organization) when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an officer or director of the Organization or might result in a possible excess benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

Article II

Definitions

1. Interested Person

Any director, principal officer, or member of a committee with governing board delegated powers, who has a direct or indirect financial interest, as defined below, is an interested person.

2. Financial Interest

A person has a financial interest if the person has, directly or indirectly, through business, investment, or family:

- a. An ownership or investment interest in any entity with which the Organization has a transaction or arrangement,
- b. A compensation arrangement with the Organization or with any entity or individual with which the Organization has a transaction or arrangement, or
- c. A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the Organization is negotiating a transaction or arrangement.

Compensation includes direct and indirect remuneration as well as gifts or favors that are not insubstantial. A financial interest is not necessarily a conflict of interest. Under Article III, Section 2, a person who has a financial interest may have a conflict of interest only if the appropriate governing board or committee decides that a conflict of interest exists.

Article III

EIN: 26-3227751

Procedures

1. Duty to Disclose

In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the financial interest and be given the opportunity to disclose all material facts to the directors and members of committees with governing board delegated powers considering the proposed transaction or arrangement.

2. Determining Whether a Conflict of Interest Exists

After disclosure of the financial interest and all material facts, and after any discussion with the interested person, he/she shall leave the governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining board or committee members shall decide if a conflict of interest exists.

3. Procedures for Addressing the Conflict of Interest

- a. An interested person may make a presentation at the governing board or committee meeting, but after the presentation, he/she shall leave the meeting during the discussion of, and the vote on, the transaction or arrangement involving the possible conflict of interest.
- b. The chairperson of the governing board or committee shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.
- c. After exercising due diligence, the governing board or committee shall determine whether the Organization can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest.
- d. If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a conflict of interest, the governing board or committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in the Organization's best interest, for its own benefit, and whether it is fair and reasonable. In conformity with the above determination it shall make its decision as to whether to enter into the transaction or arrangement.

4. Violations of the Conflicts of Interest Policy

a. If the governing board or committee has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest, it shall inform the

member of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose.

b. If, after hearing the member's response and after making further investigation as warranted by the circumstances, the governing board or committee determines the member has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

EIN: 26-3227751

Article IV

Records of Proceedings

The minutes of the governing board and all committees with board delegated powers shall contain:

- a. The names of the persons who disclosed or otherwise were found to have a financial interest in connection with an actual or possible conflict of interest, the nature of the financial interest, any action taken to determine whether a conflict of interest was present, and the governing board's or committee's decision as to whether a conflict of interest in fact existed.
- b. The names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection with the proceedings.

Article V

Compensation

- a. A voting member of the governing board who receives compensation, directly or indirectly, from the Organization for services is precluded from voting on matters pertaining to that member's compensation.
- b. A voting member of any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from the Organization for services is precluded from voting on matters pertaining to that member's compensation.
- c. No voting member of the governing board or any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from the Organization, either individually or collectively, is prohibited from providing information to any committee regarding compensation.

Article VI

EIN: 26-3227751

Annual Statements

Each director, principal officer and member of a committee with governing board delegated powers shall annually sign a statement which affirms such person:

- a. Has received a copy of the conflicts of interest policy,
- b. Has read and understands the policy,
- c. Has agreed to comply with the policy, and
- d. Understands the Organization is charitable and in order to maintain its federal tax exemption it must engage primarily in activities which accomplish one or more of its tax-exempt purposes.

Article VII

Periodic Reviews

To ensure the Organization operates in a manner consistent with charitable purposes and does not engage in activities that could jeopardize its tax-exempt status, periodic reviews shall be conducted. The periodic reviews shall, at a minimum, include the following subjects:

- a. Whether compensation arrangements and benefits are reasonable, based on competent survey information and the result of arm's length bargaining.
- b. Whether partnerships, joint ventures, and arrangements with management organizations conform to the Organization's written policies, are properly recorded, reflect reasonable investment or payments for goods and services, further charitable purposes and do not result in inurement, impermissible private benefit or in an excess benefit transaction.

Article VIII

Use of Outside Experts

When conducting the periodic reviews as provided for in Article VII, the Organization may, but need not, use outside advisors. If outside experts are used, their use shall not relieve the governing board of its responsibility for ensuring periodic reviews are conducted.

Milad Girgis Vice President of Operations Boston Scientific Neuromodulation 25155 Rye Canyon Loop Valencia, CA 91355

Dear Milad,

Team 980 thanks Boston Scientific Neuromodulation (BSN) for their most generous support of our *FIRST* Robotics Competition (*FRC*) team in the 2010 season. Our 2010 season was a very busy and successful year. BSN's sponsorship enabled Team 980 to compete in two regional events and the Indianapolis Robotics Invitational (IRI). Team 980 won the **Motorola Quality Award** in Arizona and was a **Finalist** in Los Angeles. In September, the Fall Classic robotics competition was hosted by Team 980 at Burroughs High School in Burbank. Among our 2010 graduates is a Mechanical Engineering major at CalPoly-SLO, a physics major at CSUN, and two pre-engineering majors at UCLA.

The 2011 FRC season begins with Kick-off occurring on January 8, 2011. All 2000+ FRC teams will learn of the new game challenge and will start the 45-day robot build season. Team 980 is registered for the Los Angeles Regional (March 24-26), FIRST Championship in St. Louis (April 27-30), and waitlisted for the San Diego Regional (March 10-12). Our student recruiting is in full swing, with over 20 new students expressing interest in joining our team.

In 2011, Team 980 humbly requests a \$10K sponsorship from BSN. A BSN sponsorship will cover registration fees for *FIRST* Championship (\$5K) and the San Diego Regional (\$4K), due to *FIRST* by January 28, 2011. We anticipate NASA-JPL sponsorship for our initial registration fee (\$5K) for our kit-of-parts and participation in the Los Angeles Regional. Remaining funds will be used for tools, materials, and travel expenses.

Team 980 looks forward to continuing our relationship with BSN in the upcoming season as we help inspire students to "deliver what's next."

Sincerely,

IF YOU WRITE, ATTACH THE STUB AT THE END OF THIS NOTICE.

WE ASSIGNED YOU AN EMPLOYER IDENTIFICATION NUMBER

Thank you for applying for an Employer Identification Number (EIN). We assigned you EIN 26-3227751. This EIN will identify you, your business accounts, tax returns, and documents, even if you have no employees. Please keep this notice in your permanent records.

When filing tax documents, payments, and related correspondence, it is very important that you use your EIN and complete name and address exactly as shown above. Any variation may cause a delay in processing, result in incorrect information in your account, or even cause you to be assigned more than one EIN. If the information is not correct as shown above, please make the correction using the attached tear off stub and return it to us.

Assigning an EIN does not grant tax-exempt status to non-profit organizations. Publication 557, Tax Exempt Status for Your Organization, has details on the application process, as well as information on returns you may need to file. To apply for formal recognition of tax-exempt status, most organizations will need to complete either Form 1023, Application for Recognition of Exemption Under Section 501(c)(3) of the Internal Revenue Code, or Form 1024, Application for Recognition of Exemption Under Section 501(a). Submit the completed form, all applicable attachments, and the required user fee to:

Internal Revenue Service PO Box 192 Covington, KY 41012-0192

The Pension Protection Act of 2006 contains numerous changes to the tax law provisions affecting tax-exempt organizations, including an annual electronic notification requirement (Form 990-N) for organizations not required to file an annual information return (Form 990 or Form 990-EZ). Additionally, if you are required to file an annual information return, you may be required to file it electronically. Please refer to the Charities & Non-Profits page at www.irs.gov for the most current information on your filing requirements and on provisions of the Pension Protection Act of 2006 that may affect you.

To obtain tax forms and publications, including those referenced in this notice, visit our Web site at www.irs.gov. If you do not have access to the Internet, call 1-800-829-3676 (TTY/TDD 1-800-829-4059) or visit your local IRS office.

IMPORTANT REMINDERS:

- * Keep a copy of this notice in your permanent records. This notice is issued only one time and the IRS will not be able to generate a duplicate copy for you.
- * Use this EIN and your name exactly as they appear at the top of this notice on all your federal tax forms.
- * Refer to this EIN on your tax-related correspondence and documents.
- * Provide future officers of your organization with a copy of this notice.

If you have questions about your EIN, you can call us at the phone number or write to us at the address shown at the top of this notice. If you write, please tear off the stub at the bottom of this notice and send it along with your letter. If you do not need to write us, do not complete and return the stub. Thank you for your cooperation.

Keep this part for your records.	CP 575 E (Rev. 7-2007)
Return this part with any correspondence so we may identify your account. Please correct any errors in your name or address.	CP 575 E
